

MINORCA
YACHTS

INTRODUCING MINORCA YACHTS

Featuring a remarkable blend of traditional Old World design with innovative, state-of-the-art technology, we proudly introduce the new line of Minorca Yachts.

Quality and functionality are the driving forces that guide the production of every Minorca Yacht. Our new, versatile line, ranging from 34 to 68 feet, will provide cruising comfort for those just starting to explore their boating dreams, as well as satisfy the needs of the seasoned yachtsman.

Every Minorca Yacht is built with a unique personality to satisfy the individual needs of her owner. Captivating both the weekend cruiser and those seeking to conquer longer passages, Minorca Yachts will take you from your favorite local hideaway to the most picturesque harbors of the world.

*Winner of the 2016 Croatian Boat of the Year award and finalist
in the 2016 European Powerboat of the Year awards*

CE Certification	A

ISLANDER 34

Functionality and superior use of indoor and outdoor living spaces has garnered international praise for Minorca's 34 Hardtop. Every corner of this versatile model has been methodically laid out to maximize space, all without losing the classic touches and traditional lines that inspired her design. Large windows surrounding the salon, bringing an abundance of natural light and creating a beautiful indoor viewing area.

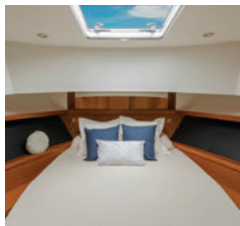

Performing well at displacement or planing speeds, this model will provide comfort and functionality for family cruising and adventure seekers alike.

ISLANDER 42

The design of the Islander 42 is a classic and timeless reflection of the traditional Spanish Iläut. Featuring the latest innovations in design and technology, this model delivers the utmost in stability and performance.

With two elegant bi-fold doors closing the salon from the open air aft deck, owners are given the option to create a fully climate controlled indoor living space or to enjoy an open feel throughout the entire upper deck. Her spacious two stateroom, two head interior arrangement gives comfort and privacy to all on board.

ISLANDER 42 FLYBRIDGE

Minorca's 42 Flybridge delivers the same innovative design as the 42 Hardtop and performs well under displacement or high speeds.

She features a two stateroom, two head layout and spacious aft deck arrangement, with impressive amenities for her size, while the flybridge offers a sophisticated outdoor space for her owners and guests to enjoy.

ISLANDER 54

The 54 Hardtop features impressive internal volume and elegant living spaces, with flexible accommodations for all aboard. A three stateroom, three head interior layout, including a full beam master stateroom and spacious head, make this model a standout in her class. No other builder offers such caliber of comfort and quality in this size range.

An innovative, seafaring design makes the 54 perfectly equipped to handle long crossings while satisfying those seeking a great degree of comfort during extended cruising.

SPECIFICATIONS

Length Overall..... 54'1"
Beam 16'5"
Draft..... 4'4"
Displacement..... 48,000 lbs

ISLANDER 54 FLYBRIDGE

With the same amenities and seafaring capabilities as the 54 Hardtop, including 'walk-around' access to generous fore and aft-deck spaces and large swim-platform, the 54 Flybridge allows for a more outdoor yachting experience.

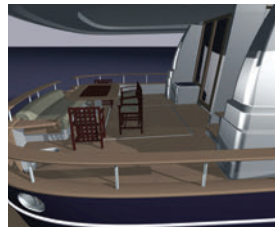

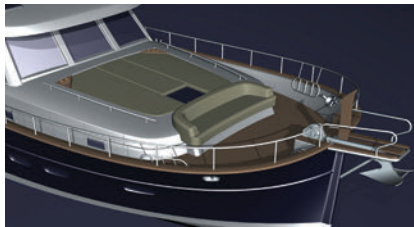

The yacht's spacious flybridge area offers an elegant vantage point to discover the picturesque harbors of the world, while also enjoying the comfort of her impressive interior living spaces.

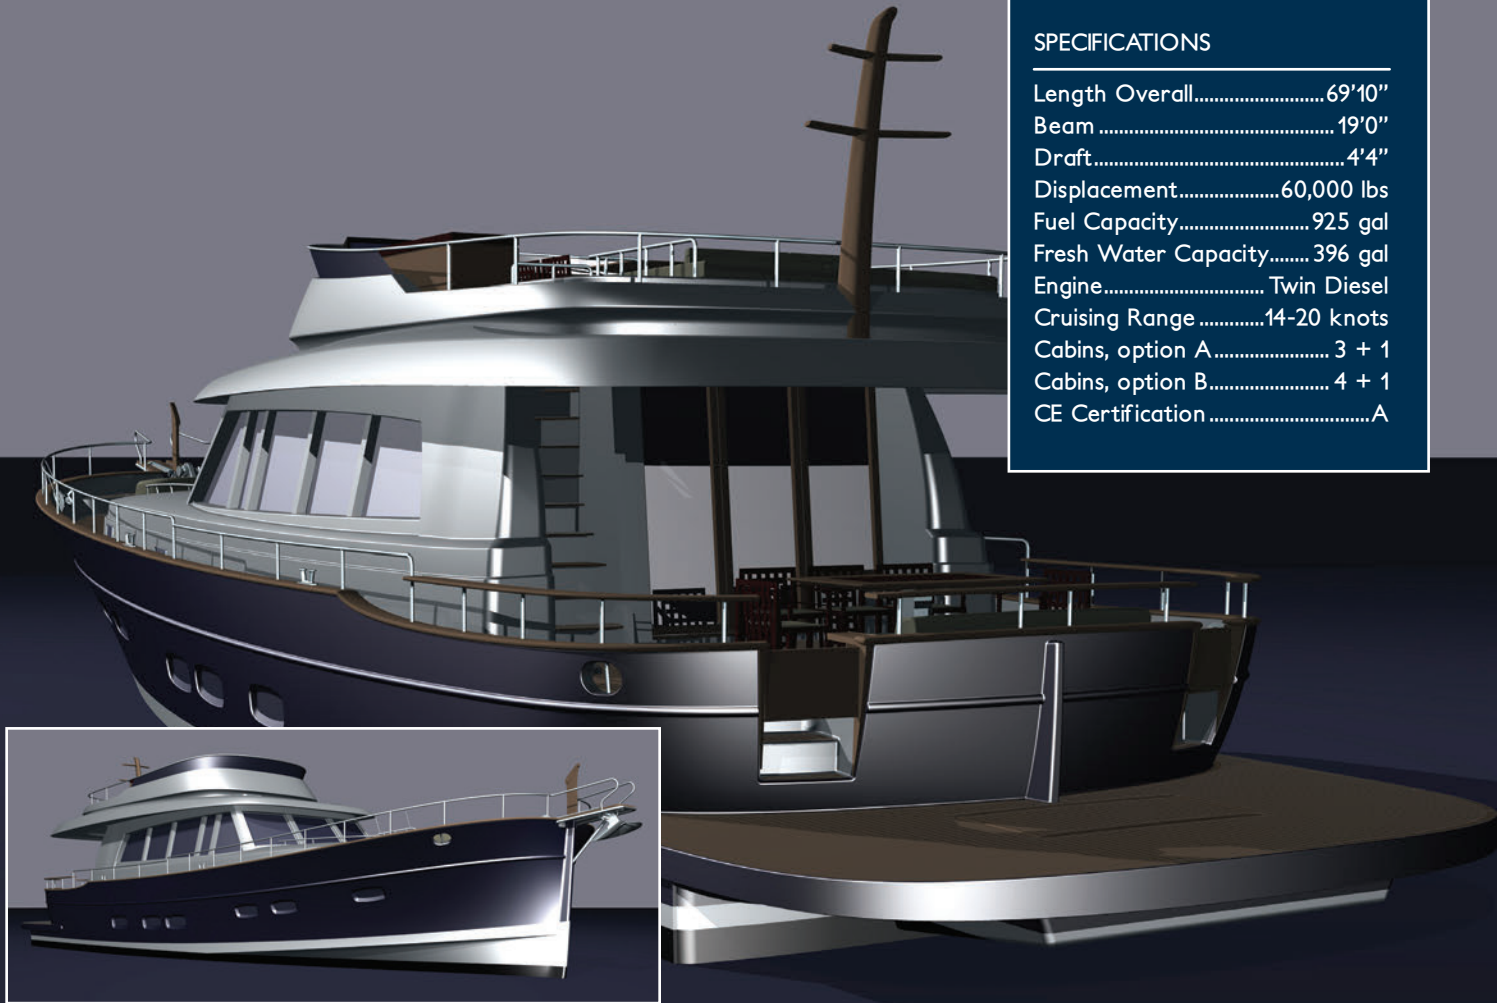

ISLANDER 68

The largest of the Minorca line, the concept behind the new Islander 68 offers two layout options for interior accommodations, with three or four cabins, plus ample space dedicated for the crew. The flybridge features a large solarium with an al fresco dining and entertainment area and 360 degree views.

The 68 offers the same advances in performance and navigation technology as the models before her along with enormous, luxurious living spaces.

SPECIFICATIONS

Fresh Water Capacity.....	396 gal
Engine.....	Twin Diesel
Cruising Range	14-20 knots
Cabins, option A.....	3 + 1
Cabins, option B.....	4 + 1
CE Certification	A

THE SASGA / MINORCA STORY

INSPIRED FROM OLD WORLD TRADITION

Born from the sketches of Iñigo Toledo at the Sasga Yard in the Balearic Islands of Spain, the new Minorca Yachts line echoes a remarkable and elegant transformation. Inspired from traditional Minorcan fishing llaüts, Sasga's proven design has journeyed through generations, and come to fruition as the luxurious, livable and technologically advanced yachts that are produced today.

AWARD WINNING DESIGN

Over the years, Sasga's design has evolved in every sense: comfort, stability, speed, and efficiency. Traditional lines paired with a hull design focused on improving performance and reducing consumption places Minorca on the cutting edge of yacht design, while still maintaining the proud history evident in every vessel.

The Islander 34 garnered international attention after securing a nomination in the 2016 European Powerboat of the Year awards as well as winning of the 2016 Croatian Boat of the Year award.
